

CVSIG Meeting 3: 4/8/21

From Niamh O'Hanlon to Everyone: 10:27 AM

Thanks Gloria, Sally and Dorothy really interesting- can I ask re delayed vaccine due to other vaccine admin - what other vaccines had already been given to LTC patients, and how long was delay impact to COVID vaccine admin?

From Dorothy Tscheng to Everyone: 10:31 AM

The reporter did not provide which vaccines were given that caused the delay to the COVID-19 vaccines, but I can certainly reach out the reporter to find out about this and the length of delay. But based on our national recommendations, I suspect that this could be up to one month. I will post to the forum later when I have more info. Thanks

Thank you Alem for your presentation, whole heartedly agree that often the gold is in the details so we can understand why the error happened.

From Sigurd Hortemo NO to Everyone: 10:40 AM

I have joined the meeting. Sigurd

From Sally Pepper to Everyone: 10:41 AM

Hi Alem, I would be curious to learn more about the medication errors that led to life-threatening reactions if you could share details. Thank you.

From Christina Michalek to Everyone: 10:43 AM

Welcome Sigurd!

From AlemZ to Everyone: 10:45 AM

Thank you Dorothy! Yes, that is a big challenge that could solve several problems.
